A message from Professor Oliver Hanemann, (pictured centre above) Consultant Neurologist and Director of Plymouth's Centre of Excellence for Brain Tumour Research

"Can I offer heartfelt thanks for the generosity of guests, donors and especially sponsors who are supporting this year's PMF's Autumn Gala Ball at the Eden. Our unit was founded in 2014. Due in no small part to the funds and material support you have provided, I am proud to see how the team's work and facilities are making a difference to the diagnosis and treatment of patients from across the Peninsula and elsewhere. We continue to be driven by our passion to find a cure for this cruel condition, which steals the lives of so many while in their prime. I am convinced a cure or prevention will, in time, be found. Much as I would wish otherwise, I cannot join you on this occasion as I will be at conference, but have a wonderful evening and I will be with you in spirit from afar."
